

Star City Games MTG Pure Bulk Links

Search limited to Star City Games product pages and Star City Games Lots & Collections results. Prepared May 7, 2026.

- Scope: Magic: The Gathering bulk-style card lots only. I treated SCG's Lots & Collections assorted MTG card-lot pages as the relevant SCG equivalent of "Pure Bulk."
- Excluded: electronics, electrical components, gaming supplies, digital products, sealed booster products, sleeves, deck boxes, playmats, singles that are not bulk lots, tokens, checklist cards, and mixed collections unless listed only as an appendix note.
- Availability caveat: SCG often displays "Choose Options" and quantity-size options without exposing an exact live stock number on the product page. Where SCG clearly showed "Out of Stock," that is listed. Otherwise, verify the selected lot size on SCG before purchase.
- Column note: the user request said "four columns" but named six fields, so this PDF uses the six named fields: name/foil status, set range, rarity/type, price, availability, and link.

Result gaps found for rares/mythics: I did not find a separate SCG pure-bulk listing for foil mythic rares or heavily played mythic rares. Mythic bulk surfaced as non-foil NM/PL only.

Checklist card lots / named singles / supplies / digital products	N/A	Various	Various	Excluded because they are not pure MTG bulk lots in the requested categories or are non-card/supply/digital listings.	Open

Search limitations

- SCG product pages may update prices and availability at any time.
- Some pages expose a product page with quantity options while related-product widgets show an out-of-stock state. For purchase decisions, open the link and confirm the exact selected lot size.
- The list is as comprehensive as possible from SCG pages and SCG-indexed results available during the search. No non-SCG retailer links were used as sources.
