## Scenario: Beneficiary initiated presentation

19 1 1 ^

As a QA, I want to test VTX-4538

- ☒ **Before** Hook
- ☒ **Given** beneficiary's admin1 login to main page for scenario sc11
- ☒ **And** beneficiary navigate to current dc using contour uuid
- ☒ **And** I click on the button "actionButton"."presentButton"
- ☒ **When** I fill in dp overview with following information for scenario "sc11"

Documents source	Contour
Present to	#NOMINATED_BANK#
Present through	#ADVISING_BANK#

- ☒ **And** NextButton"
- ☒ **And** I fill in dp cover letter by "beneficiary" with following information

Instruction	Payment
Account number to debit	123-456-7890
Account number to credit	456-789-0123
Exchange contract	
Other proceeds	

- ✓ **And** I click sub side menu sub-option "Invoice"
- ✓ **Then** the element "dpInvoice"."amount" is empty
- ✓ **Then** the element "dpInvoice"."quantity" is empty
- ✓ **Then** the element "dpInvoice"."invoice" is empty
- ✓ **And** NextButton"
- ✓ **Then** the element "dpInvoice"."errorMessage" contains the text "Please complete all required fields"
- ✓ **When** I set "100001" to the inputfield "dpInvoice"."amount"
- ✓ **And** NextButton"
- ✓ **And** I fill in dp other document "Other transport document" with following information

**Document**   **Paper documents**

- ✓ **And** I fill in dp certificate of origin "Certificate of origin" with following information

**Document**   **Paper documents**

- ✓ **And** I fill in dp packing list "Packing List" with following information

**Document**   **Paper documents**

- ! **And** I certify presentation is complete and submit presentation + Show Error

```

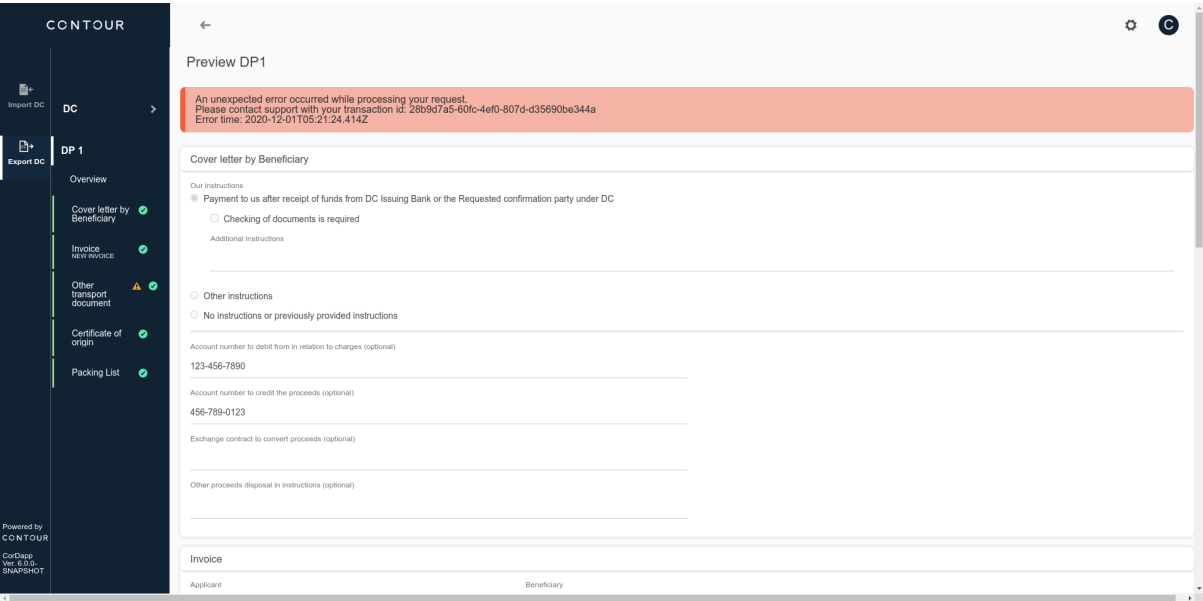

Error:
Expression: checkIsDisplayed
Selector: //button[contains(@data-testid,"ubmit")][@type="button"]
Result: FAILED
Rule Evaluation Summary: 0/1
Rules: [
  {
    "msg": "Expected: false, Actual: true",
    "name": "DISPLAYED",
    "success": false
  }
]

```

```
}
  at C:\repos\test\contour-app-test\ui-test\node_modules\webdriverio\build\command
  at Browser.runCommandWithHooks (C:\repos\test\contour-app-test\ui-test\node_mod

  at C:\repos\test\contour-app-test\ui-test\node_modules\@wdio\sync\build\index.js

```

- ➡ **And** I click sub side menu sub-option "Cover letter by Presenting bank"
- ➡ **Then** the element "dplInvoice"."principalAmount" is empty
- ➡ **When** I set "10001" to the inputfield "dplInvoice"."principalAmount"
- ➡ **And** I click on the button "actionButton"."saveButton"
- ➡ **Then** the element "dplInvoice"."errorMessage" contains the text "Please complete the cover letter"
- ➡ **When** I set "101" to the inputfield "dplInvoice"."totalAmount"
- ➡ **And** I click on the button "actionButton"."saveButton"
- ➡ **And** I click on the button "actionButton"."previewButton"
- ➡ **And** I click on the element "dpNoticeOfCompletion"."radioCertifyPresentationComplete"
- ➡ **And** I click on the button "actionButton"."submitButton"
- ➡ **Then** I can see the dc has dp status "Bank review"
- ✔ **After** Hook + Screenshot

The screenshot displays the CONTOUR application interface. On the left is a dark sidebar with navigation options: Import DC, DC, Overview, DC form, and P2P message. The main content area is titled "DC details" and shows a form for a Corporate applicant. The form includes fields for Applicant (Comprehensive9 Fabric), Applicant legal name (Comprehensive9 Fabric), Applicant address (Address, S001, G/F, Lakeside 2, Hong Kong Science Park, Shatin, New Territories, Hong Kong), Beneficiary (Good9 Design), Beneficiary legal name (Good9 Design), Beneficiary address (Address, S002, G/F, Lakeside 2, Hong Kong Science Park, Shatin, New Territories, Hong Kong), Issuing bank (Asia9 Best Bank), Issuing bank legal name (Asia9 Best Bank), Issuing bank address (Address, S003, G/F, Lakeside 2, Hong Kong Science Park, Shatin, New Territories, Hong Kong), Issued DC reference (123), and Advising bank. The bottom left corner of the sidebar indicates the application is powered by CONTOUR, CodeceptJS, and Ver 6.0.0.

## Scenario: Nominated Bank forwards presentation

5 1 12 ^
