- These symbols are used to show routes the Forest Service does not have jurisdiction over and has not designated for motorized use. These symbols are part of the reference layers showing connections to towns and cities outside the forest boundary.

Motor vehicle use off of designated roads for the purpose of dispersed camping and/or game retrieval is permitted for up to 100 feet from the centerline of the road, allowing the same vehicles as the road allows and the same season as the road is open.

The vehicle used to retrieve the game may be operated off the route up to the distance specified on the MVUM. If the downed game is further than the allowed distance, the vehicle may be driven only the specified distance from the designated route.
